

Leader in LED Solutions

Wide Loyal Group, based in Hong Kong, was founded in 1984, focusing on the manufacture of LED and incandescent lighting products. Our factory, located in Zhongshan, China, operates with 6 thousand skilled workers managed under ISO9001 management guidelines.

The plant produces lamps and luminaries made with glass tubes and rods, as well as Dumet and Tungsten wiring imported from Japan. The LED department functions under a strict Quality Control system certified by United Laboratories (UL), of the USA, and Keuring van Elektrotechnische Materialen te Arnhem (KEMA), of Holland. Wide Loyal's production center continuously develops innovative products for home, commercial, and industrial applications, thanks to its dynamic Research and Development program.
